**Note** - The last two lines in the first para of the question reads as follows–

*“The net profit as per the profit and loss account as on 31.3.2022 is ₹5,61,000. **She provides the following additional information those were not considered while making the profit and loss account for the previous year 2021-22**”*

Items (i) to (xiii) are listed thereunder.

On a plain reading of the above sentences, it appears that none of the expenditures/receipts in (i) to (xiii) were considered while making the profit and loss account. The above solution has been prepared accordingly.

Alternatively, it is possible to interpret the last sentence (**bold underlined above**) to mean that as far as items (iii) and (v) are concerned, wherein disallowance of expenditure is attracted u/s 40(a)(ia) and 40A(3), respectively, such disallowances (and not the expenditure itself) were not considered while making the profit and loss account of the previous year 2021-22. If so interpreted, then, for item (iii), instead of reducing ₹ 63,000, ₹ 27,000 has to be added back. Likewise for item (v), ₹ 25,000 has to be added back. In such a case, profits and gains from business and profession, Gross Total Income, Total Income and Tax Payable would change accordingly. An alternate solution based on this interpretation has been worked out as follows:

However, the cost of new residential house is not provided in the question but only stamp duty and registration fee is given which would also be the part of cost of house. In such case, exemption u/s 54F would be ₹ 2,64,920 × 1,55,000/5,00,000 = ₹ 82,125. Accordingly, long term capital gain would be ₹ 1,07,795 (instead of ₹ 1,89,920). ### Answer

- (a) (i) AB Ltd, an e-commerce operator is required to deduct tax @1% under section 194-O on ₹ 5,50,000 (i.e., ₹ 4,90,000 credited on 28.2.2022 plus deemed payment of ₹ 60,000 on 21.2.2022, being payment directly made by Mr. Rai to the e-commerce participant XY), being the gross amount of sale of product 'R' of XY, an e-commerce participant, since such sale is effected in February, 2022 is facilitated by AB Ltd. through its e-commerce platform.

Hence, TDS u/s 194O = 1% on ₹ 5,50,000 = ₹ 5,500

- (ii) Since ABC Ltd., being the producer of the natural gas, sells as well as transports the gas to M/s. Deep Co., the purchaser, till the point of delivery, where the ownership of gas is simultaneously transferred to M/s. Deep Co, the manner of raising the invoice (whether the transportation charges are embedded in the cost of gas or shown separately) does not alter the basic nature of such contract which remains essentially a 'contract for sale' and not a 'works contract' as envisaged in section 194C.

Therefore, in such circumstances, the TDS provisions would not be attracted on ₹1,70,000, being the component of gas transportation charges paid by M/s. Deep Co. to ABC Ltd.

**Alternate Answer:**

The above solution is based on Circular No. 9/2012 dated 17.10.2012, wherein it has been clarified that in case the Owner/Seller of the gas sells as well as transports the gas to the purchaser till the point of delivery, where the ownership of gas to the purchaser is simultaneously transferred, the manner of raising the sale bill, does not alter the basic nature of such contract which remains essentially a 'contract for sale' and not a 'works contract' as envisaged in section 194C of the Act.

Since, the question is silent on the timing of the transfer of ownership of the gas to the purchaser, an assumption that the ownership of the gas to the purchaser is transferred before its transportation is possible. In such a case, the transportation of gas after transfer of ownership may be considered as a separate contract for transportation of gas i.e. 'works contract' u/s 194C, and hence TDS @ 2% has to be deducted by M/s. Deep Co. on ₹ 1,70,000/- i.e. ₹ 3,400/-.

- (iii) In this case, the individual contract payments (through the bills dated 30.4.2021, 30.6.2021 and 30.9.2021) made by ABC LLP to XYZ does not exceed ₹ 30,000. However, since the aggregate amount paid to XYZ during the P.Y. 2021-22 exceeds ₹ 1,00,000 (on account of the last payment of ₹ 32,000, due on 30.12.2021, taking the total from ₹ 80,000 to ₹ 1,12,000), the TDS provisions under section 194C would get attracted on the entire sum of ₹ 1,12,000.

Tax has to be deducted @ 2% (since payment is to a firm, XYZ) on the entire amount of ₹ 1,12,000, from the last payment of ₹ 32,000 on 30.12.2021.

Hence, TDS u/s 194C = ₹ 2,240.

**(b) Computation of total income of Mr. Harsh for the A.Y.2022-23**

Accordingly, Mr. Sarthak's share (25%) and Juhi's share (25%) would be included in the total income of Mr. Sarthak.	
Sarthak's Share [25% of ₹ 35,000 (₹ 70,000 x 6/12)]	8,750

### Answer

- (a) **Computation of "Income from Other Sources" of Mr. Lalit for the A.Y. 2022-23**

Particulars	₹
(i) Motor car is <u>not</u> included in the definition of "property" for the purpose of section 56(2)(x), hence, value of the same is <b>not</b> taxable, even though it is received without any consideration.	-
(ii) Cash gift is taxable under section 56(2)(x) [since the aggregate of ₹ 84,000 (₹ 21,000 x 4) exceeds ₹ 50,000]	84,000

(iii)	Stamp value of plot of land at Jaipur, received without consideration, is taxable under section 56(2)(x), since the same exceeds ₹ 50,000	6,00,000
(iv)	Difference of ₹ 2 lakh [1000 shares x ₹ 200] in the value of shares of ABC Ltd. purchased from Mr. Abhishek, a dealer in shares, is <b>not</b> taxable as it represents the stock-in-trade of Mr. Lalit (since he is a dealer in shares) and not capital asset. <sup>1</sup>	-
(v)	Difference between the stamp duty value of ₹ 24 lakh on the date of booking (since advance was paid by account payee cheque on that date) and the actual consideration of ₹ 20 lakh paid is taxable under section 56(2)(x) since the difference exceeds ₹ 2,00,000, being the higher of ₹ 50,000 and 10% of consideration	4,00,000
(vi)	Distribution of assets by ABC (P) Ltd. on liquidation attributable to the accumulated profits (general reserve) of the company is taxable as dividend under section 2(22)(c).	1,25,000

Sale Consideration	8,00,000
Less: Cost of acquisition [deemed to be the stamp value charged to tax under section 56(2)(x)]	<u>6,00,000</u>
Short-term capital gains (since held for a period of not more than 24 months. Period of holding of previous owner, Mr. Kabra, not to be considered)	<u><b>2,00,000</b></u>
<b><u>Capital gains on distribution of assets on liquidation of ABC (P) Ltd.</u></b>	
<b>Full value of consideration for capital gains on distribution of assets on liquidation of ABC (P) Ltd.</b>	
FMV of assets distributed	1,50,000
Cash	<u>50,000</u>
	<u><b>2,00,000</b></u>
Less: Deemed dividend under section 2(22)(c)	<u>1,25,000</u>
<b>Full value of consideration for computing capital gains</b>	<u><b>75,000</b></u>

<sup>1</sup> Since Mr. Lalit is a dealer in shares and it has been mentioned that the shares were subsequently sold in the course of his business, such shares represent the stock-in-trade of Mr. Lalit.

**Note-**

- (i) As cost of acquisition of shares in ABC(P) Ltd. is **not** given in the question, capital gains on distribution of assets on liquidation of ABC(P) Ltd. in the hands of Mr. Lalit has not been computed.
- (ii) As per section 56(1)(i), dividend income is chargeable under the head “Income from Other Sources”. Hence, deemed dividend u/s 2(22)(c) would be taxable under the head “Income from Other Sources” in the hands of Mr. Lalit, who is a dealer in shares<sup>2</sup>.
- (b) Mrs. Shruti is an Indian citizen in employment in UAE. She comes on a visit to India during the P.Y.2021-22 for 157 days.

Her stay in India in the four immediately preceding previous years is as follows :

P.Y.	No. of days

<b>Total</b>	<b>421</b>

**Computation of Total Income of Mrs. Shruti (excluding income from foreign sources)**

Particulars	₹
Income from salary earned and received in UAE (income from a foreign source, hence, to be excluded)	-
Income earned and received from a house property situated in UAE (income from a foreign source, hence, to be excluded)	-
Income deemed to accrue or arise in India	5,00,000
Income from retail business (to be included since the business is controlled from India, even though such income accrues and is received outside India)	10,00,000
Income accrued and arising in India	3,00,000
	18,00,000
<b>Less:</b> Deduction u/s 80C (LIC premium paid by cheque in India) – Assuming other conditions are fulfilled	1,50,000
<b>Total income (excluding income from foreign sources)</b>	<b>16,50,000</b>
Mrs. Shruti, an Indian citizen visiting India in the P.Y.2021-22, would be a resident in India for A.Y.2022-23, if she satisfies either of the following conditions -	

<sup>2</sup> Alternatively, as per the tutorials given on the website of the Income-tax department, if shares are held for trading purposes, then the dividend income would be taxable under the head “Profits and gains of business or profession”.

(i)	She is in India for <b>182 days</b> or more during the P.Y.2021-22 or
(ii)	She is in India for a period of <b>120 days</b> or more during the P.Y.2021-22 and her stay in India in the <b>four</b> immediately preceding previous years is <b>365 days</b> or more. [This condition will apply to her since she comes on a visit to India during the previous year 2021-22 and her total income (excluding income from foreign sources) is ₹ 16.50 lakhs, which exceeds the threshold of ₹ 15 lakhs]
This first condition is not satisfied since she is in India only for 157 days during the P.Y.2021-22. The second condition is satisfied, since she has stayed in India for 157 days during the P.Y.2021-22 and 421 days in the four immediately preceding previous years. Since she has become resident in India for A.Y.2022-23 by satisfying this condition, by default, she would be treated as resident but not ordinarily resident.	
<b>Conclusion</b> – Mrs. Shruti's residential status for A.Y.2022-23 is resident but not ordinarily resident.	

**Note** – The provisions of section 6(1A) deeming an Indian citizen to be a resident but not ordinarily resident, irrespective of the period of her stay in India in the relevant previous year, if she is not liable to tax in any other country would not apply to Shruti, since she is a resident as per the provisions of section 6(1).

- (c) As per section 69B, if the assessee is found to be the owner of gold (market value of which is ₹ 50 lakhs) during the financial year ending 31.3.2022 but he has recorded to have spent only ₹ 10 lakhs in acquiring it, the Assessing Officer can add the difference of the market value of such gold and ₹ 10 lakhs i.e., ₹ 40 lakhs as the income of the assessee for A.Y.2022-23, if the assessee offers no satisfactory explanation thereof.

Such income would be chargeable to tax @ 78% (@60% plus surcharge @25% and cess @4%).

### Answer

(a) Computation of value of taxable supply made by XYZ Pvt. Ltd.

Particulars	Amount (₹)
List price of the goods (exclusive of taxes and discounts)	50,000
Tax levied by Municipal Authority on the sale of such goods [Taxes other than GST, if charged separately, are includible in the value of supply.]	6,000
Packing charges [Being incidental expenses, same are includible in the value of supply.]	2,500
Subsidy received from NGO [Since subsidy is received from a non-Government body and directly linked to the price, the same is includible in the value of supply.]	Nil

Payment made by ABC Pvt. Ltd. in relation to service provided by vendor to XYZ Pvt Ltd <sup>1</sup> . [Amount that supplier is liable to pay, but incurred by the recipient, is includible in the value of supply.]	2,000
Turnover discount [Since discount is not known at the time of supply, it is not deductible from the value of supply.]	-
Interest for delayed payment (rounded off) [Includible in the value of supply]	4,237 [5,000 × 100/118]
<b>Value of taxable supply</b>	<b>64,737</b>

- (b) (i) An activity qualifies as supply under GST only if it is for a consideration and is in course/furtherance of business. Donations received by the charitable organizations are treated as consideration only when there's an obligation on part of the recipient of the donation to do anything.

Since in the given case, the display of products sold by the donor – Glory Ltd. - in charitable organization's premises aims at advertising/promotion of its business, it is supply for consideration in course/furtherance of business and thus, qualifies as supply under GST law.

- (ii) Supply includes importation of services, for a consideration whether or not in the course/furtherance of business. Thus, in the given case, the import of services by Mr. Swamy amounts to supply although it is not in course/furtherance of business.

- (c) *"All taxpayers are required to file GSTR-1 only after the end of the current tax period."*

*Comment on the validity of the above statement with reference to GST law.* **(3 Marks)**

<sup>1</sup> It has been most logically assumed that service provided by the vendor to XYZ Pvt. Ltd. is in relation to supply of goods by XYZ Pvt. Ltd. to ABC Pvt. Ltd.

**Answer**

- (a) Where the goods being sent for sale or return are removed before the supply takes place, the tax invoice shall be issued before or at the time of supply or 6 months from the date of removal, whichever is earlier.

In the given case, 500 units of transmitters have been sent for exhibition on sale or return basis out of which 300 units are sold before 6 months from the date of removal. Thus, tax invoice for said 300 units needs to be issued before or at the time of supply of such goods, i.e. upto 28/07/2021.

Remaining 200 (150+ 50) units have neither been sold nor brought back till the expiry of 6 months from the date of removal goods, i.e. 20/11/2021. Thus, tax invoice for said 200 units needs to be issued upto 20/11/2021.

- (b) The statement is invalid.

Multiple invoices cannot be clubbed to generate one e-way bill. If multiple invoices are issued by the supplier to recipient, for movement of such goods, multiple e-way bills have to be generated.

Thus, for each invoice, one e-way bill has to be generated, irrespective of the fact whether same or different consignors or consignees are involved.

However, after generating all these e-way bills, one consolidated e-way bill can be prepared for transportation purpose, if goods are going in one vehicle.

- (c) The statement is partially valid.

A taxpayer cannot file Form GSTR-1 before the end of the current tax period.

However, following are the exceptions to this rule:

- a. Casual taxpayers, after the closure of their business
- b. Cancellation of GSTIN of a normal taxpayer.

A taxpayer who has applied for cancellation of registration will be allowed to file Form GSTR-1 after confirming receipt of the application.
